## Profile

Dynamic Backend Developer with 3+ years of experience in Java, Spring Boot, .NET, and SQL, specializing in building scalable and high-performance applications. Proficient in Microservices Architecture, RESTful APIs, SQL Optimization, and Performance Tuning. Strong problem-solving skills with a proven ability to optimize system functionality, automate processes, and debug complex issues. Passionate about delivering robust, secure, and efficient backend solutions while adapting to new technologies.

## Professional Experience

07/2021 – present  
Indore, India

**Systems Engineer**  
*Infosys Limited*

### Technical Skills and Achievements

- Developed and optimized **RESTful APIs** using **Spring Boot & Microservices**, enhancing system **scalability** and improving response times by **30%**.
- Spearheaded backend development for **Admin modules**, delivering **15+ enhancements** and resolving **90%** of production issues within **24 hours**.
- Implemented **SQL query optimization**, reducing query execution time by **40%** through efficient **Stored Procedures**.

### Project Management & Leadership

- Collaborated with 2+ **cross-functional teams**, resolving **95%** of issues during **high-pressure releases** within **48 hours**.
- Designed and automated **batch jobs**, accelerating process execution by **50%** and enhancing system reliability.
- Conducted **50+ unit**, **30+ functional**, and **10+ UAT tests**, ensuring **99% error-free deployments**.

### Collaboration & Mentorship

- Collaborated with 2+ **cross-functional teams**, resolving **95%** of issues during **high-pressure releases** within **48 hours**.
- Applied **SOLID principles** and **Agile methodologies**, reducing development cycle time by **20%**.
- Mentored and guided **4+ junior developers**, improving their productivity by **30%** through effective knowledge sharing and training.

## Skills

### Backend Technologies

Java 8+, Spring Boot, Spring MVC, Spring Security, .NET

### Microservices & APIs

RESTful APIs, Swagger, Postman

### Database & Optimization

MS SQL Server, Stored Procedures, Query Optimization

### Development Tools

Git, JIRA

### Testing & Debugging

Unit Testing, Functional Testing, UAT, Performance Tuning

### DevOps & Monitoring

Rancher, Kibana

### Methodologies

Agile, Scrum

## Key Strengths

### Efficient Task Management & Prioritization

Ability to manage multiple tasks effectively while ensuring quality.

### Problem-Solving & Debugging

Strong analytical mindset to identify and resolve complex technical challenges.

**Performance Optimization**

Skilled in improving system efficiency through query tuning.

**Effective Communication**

Adept at explaining technical concepts clearly and collaborating with stakeholders.

**Achievements & Awards**

---

**Insta Award 2023**

Recognized for exceptional dedication and versatility in handling both new and old Icount projects

**Insta Award 2022**

Awarded for outstanding performance in .NET-based system enhancements.

**IS Extra Miler**

Honored for consistently going the extra mile on projects.

**Gracias Award**

Acknowledged for active participation and hosting company events.

**Education**

---

07/2021 – 05/2023	<b>MCA</b>
Ludhiana, India	<i>Chandigarh institute of online and distance learning</i>
06/2018 – 04/2021	<b>BCA</b>
Ahmedabad, India	<i>GLS University</i>
